DETAILED ACTION

Response to Amendment

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Barry Haley on 7/20/2004.

The claims have been amended as follows:

Claims 1 and 3-5, line 1, "improved" has been deleted.

Claims 6 and 7 have been canceled.

The Specification has been amended as follows:

Page 7, line 11, delete "The channel 12a walls" insert --The walls of channel 12a--.

Page 7, line 13, delete "within passageway 12a in the elongated channel" insert --within a passageway in the elongated channel 12a--.

Allowable Subject Matter

Claims 1-5 are allowed. The following is an examiner's statement of reasons for allowance:

The examiner agrees that claim 1, as currently amended, clearly distinguishes the applicant's invention over the prior art, as detailed in the applicant's remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
